Objective

Passionate and versatile IT professional with a strong foundation in computer science and business, augmented by advanced certifications in machine learning and AI. Seeking challenging roles in software development, cybersecurity, machine-learning, or full stack development to leverage my diverse technical skills and contribute to innovative solutions.

Education

Postgraduate Program in Machine Learning and AI

Caltech Center for Technology and Management Education (CTME)

Completed: 2024

Bachelor's in Computer Science and Business

Brock University

Attended: 2019 - 2023

Technical Skills

- **Programming Languages:** Python (Advanced), C (Intermediate), C++ (Intermediate), Java (Intermediate), Flutter (Intermediate)
- **Software and Tools:** Git (Advanced), Docker (Intermediate), Jenkins (Intermediate), Kubernetes (Beginner)
- **Technologies:** AWS (Intermediate)
- **Other Skills:** Cybersecurity (Intermediate), Penetration Testing (Intermediate), Full Stack Development

(Intermediate)

Certifications

- **Machine Learning Using TensorFlow**

IBM

Completed: 2024

- **UCMAS Certification for Mental Arithmetic**

UCMAS

Completed: 2011

- **Applied Data Science With Python**

SimpliLearn

Completed: 2024

Projects

Details of various IT projects are available on my [website](#) and GitHub profile.

Professional Experience

While I have no formal work experience in the IT industry, I have undertaken numerous personal and collaborative projects showcasing my technical abilities and problem-solving skills, including working on OpenCV.

Career Aspirations

Targeting roles in:

- Software Development
- Cybersecurity Analysis
- Full Stack Development
- Machine Learning

Motivations:

- A deep passion for technology and continuous learning

- An intrinsic interest in solving complex problems
 - A strong desire for professional growth and contributing to innovative tech solutions
-
